

2023 PILAR JUNCOSA & SOTHEBY'S AWARDS AND GRANTS FUNDACIÓ PILAR I JOAN MIRÓ A MALLORCA

In accordance with the wishes of its founders, the aims of the Fundació Pilar i Joan Miró a Mallorca are to promote and disseminate contemporary creative values, to contribute to the training of young generations of artists, and to encourage them in their commitment to innovation and in genuine research into new channels of creative expression.

The foundation also wishes to contribute to recognition of Miró's importance as an artist and as a person through educational programmes and projects that bring contemporary art closer to society.

PILAR JUNCOSA & SOTHEBY'S BIENNIAL AWARD FOR ARTISTIC CREATION

This year, the Fundació Pilar i Joan Miró a Mallorca wishes to promote art projects associated with Joan Miró's printmaking studios. These are located in an 18th-century country house called Son Boter, equipped by the artist himself for use as art studios and now considered to be one of the Foundation's distinguishing features.

Our aim is to offer visitors the chance to see art projects by gifted artists while also highlighting Joan Miró's ties with a broad spectrum of contemporary artistic sensibilities.

The Foundation wishes to support and promote the winning artist, allowing them to benefit from the worldwide prestige associated with Joan Miró's art and the international recognition that this represents.

To this end, the Pilar Juncosa & Sotheby's Award is granted every two years for the creation of an art project leading to the production of **multiples or editions** in all their possible forms (sculptures, ceramics, video, photography, graphic art, etc.) to be carried out totally or partly in Joan Miró's printmaking studios.

The jury will be made up of different experts in the field of art editions: one person appointed by Sotheby's, four experts not associated with the Foundation, and three members of the Foundation, whose Director will have the deciding vote if required.

The award, worth a total of **€22,000**, shall be divided as follows: €6,000 as a prize for the artist and the rest for the creation and exhibition of the project, paid as per the conditions established in the *Payments* section.

Once the project has been completed, the artist must donate a full example of the work and/or a documented report on the production process to the Foundation for its incorporation in the latter's art collection and archives. The Foundation will negotiate the donation with each artist, depending on the work in question.

The jury will set high value on proposals for projects that stand out for their quality and capacity for experimentation and innovation. The clarity of the outlined proposal will also be taken into account, as well as the financial feasibility of the work's creation and maintenance.
